CARPET PROTECTION

PROFESSIONAL-GRADE CARPET PROTECTION - THE BEST IN THE BUSINESS

The super-tough, 3 mil, adhesive coated, clear polyethylene film resists puncturing and is engineered specifically to protect synthetic carpet. The low-tack adhesive keeps Carpet Protection in place – no staples, tacks or tape – making it virtually maintenance-free.

Carpet Protection Applicator is ideal for high volume commercial applications.

- ✓ Reverse wound for easy application
- ✓ CP-STAIR – special 32" width is designed specifically to protect carpeted stairs

FLOOR PROTECTION

MAXIMUM VERSATILITY IN HARD, NON-POROUS SURFACE PROTECTION

Floor Protection is perfect for protecting most hard, non-porous surfaces and flooring such as vinyl, ceramic tile and grout. Blue-tinted for visual I.D., Floor Protection is adhesive-backed and the tough polyethylene film peels right off when the job is done.

In addition to floors, Floor Protection can be used to protect tub and shower walls and kitchen & bathroom tile.

- ✓ Tough, puncture-resistant polyethylene film
- ✓ Simply unroll it to apply. Floor Protection is reverse wound so it unrolls adhesive-side down
